Marietta, I found out that it took Meg a while to incorporate EFEDS slides into 1 presentation yesterday afternoon. We were under the impression that EFED was going to integrate their slides since they already had PRD slides. Just a communication point that we should try and ensure is clear for the next round. Meg did the best she could considering there was some overlap in slides. Let us know if you have any changes to the combined version that Meg sent around.

Hello Billy and Elissa:

For your reference, here are the EFED neonc slides that PRD received this afternoon. These are the slides that I inserted into PRD's deck.

Thank you,
Meg

Yep, my plan is to have final slides to you by early this afternoon. I do have a question for you regarding back-pocket slides. We have a little over 20 back-pocket ones. Do you want to include those in the back of your powerpoint?

Thanks,

Michael

Michael will present the EFED slides at the briefing. I believe that the plan is to send them to PRD sometime today.

Hello Kris and Michael:

Will EFED have completed neonc briefing slides today? PRD needs to send our final slidedeck to Rick ahead of this Wednesday's briefing. It would also help us to see a copy of your current slides now.

Thank you,
Meg
